Targeted Intervention

Our Financial Exploitation Workers (F.E.W.s) are trained specialists who provide intensive, one-to-one support for young people flagged through CIFAS markers or at risk of financial harm. All F.E.W.s are trained in F.I.R.E. (Fraud Intervention Responsive Engagement), S.A.F.E., and S.A.F.E.R. methodologies. They offer early intervention, restorative mentoring, and partnership building between the young person, banking, family, school, and statutory agencies in a multi-agency way using a victim first approach. This safeguarding-first model transforms outcomes and reduces long-term economic and social costs related to fraud.
